OVERVIEW

Situated in a prime Northumberland Coastal location, Farne House benefits from envious views across Seahouses' Harbour out towards the Farne Islands and Bamburgh Castle.

Seahouses is a charming and increasingly popular fishing village just 12 miles north of Alnwick with easy access to the A1 (M). The area boasts a host of local amenities with restaurants, shops, a luxury private health club and of course the picturesque harbour from where boat trips to the Farne Islands are available. Seahouses is located within the Northumberland Coast Area of Outstanding Natural Beauty and is within a stone's throw away of other popular tourist destinations such as Bamburgh and Beadnell. This exclusive development comprises seven high quality properties ranging from 2 – 3 bedrooms. The properties are to be used as holiday lets and could not sit in a better position for those wishing for a coastal retreat. All properties benefit from its sea front location offering spectacular views from almost every room and within easy walking distance of the harbour and local amenities.

Externally, the properties will have use of a private courtyard area with allocated parking to (each) property for one car. The courtyard is accessed via an archway off South Street giving access to all properties. To the front of Farne House is additional parking on street.

We don't think a better location exists along the northeast coast that captures all 3 iconic views from every window and seldom do such attractive and desirable uninterrupted views come to the market.
